

Year 1 – Summer 2 – Art & Design – Pupil Knowledge Organiser

What do I already know?		What am I learning now?	
- Lines can be: straight, curved, wavy, or zigzag. - Shapes are basic forms such as: circles, squares, triangles, and rectangles. - Glue can be used to attach some materials.		- What do we notice about Andy Goldsworthy's sculptures? - What materials can we use to make a sculpture? - How can we explore colour and texture in sculpture? - How can I plan a sculpture like Andy Goldsworthy? - How can I make a sculpture using natural or household materials? - How can I talk about and improve my sculpture?	
Key Knowledge: Materials		Key Knowledge: Shape & Form	Key Vocabulary
 Natural materials like leaves, stones, and twigs can be used to create various shapes.	 Sculptures can be made using household items like paper, plastic, and fabric.	 We can create textures like rough, smooth, or prickly using different materials. Leaves can be overlapped or twisted to create different shapes and patterns.	sculpture A piece of 3D art you can look at from all sides. sculptor An artist who makes sculptures. natural materials Things from nature like leaves, stones, and sticks. household materials Everyday items like paper, fabric, and cardboard. texture How something feels, like rough, smooth, or bumpy. pattern A design that repeats shapes, colours, or lines. shape The form or outline of something, like a circle or spiral. balance Making sure a sculpture stands up and doesn't fall over. join To fix or attach things together. overlap To place one thing on top of another so they partly cover.
Significant People		Key Knowledge: Joining	
Andy Goldsworthy  - A British sculptor and photographer. - Known for making sculptures using natural materials. - His art is temporary and change over time because of the weather.		 Stones can be stacked or balanced to build tall structures.  Glue, sticky tape or string could be used to join different materials.
